Valence School is a residential school for **children aged 5-19 with physical disabilities and complex medical needs**, some of whom have learning difficulties as well. The school is spread across 40 acres of land and has many facilities including a swimming pool, art rooms and a sports hall. Volunteers assist the children with personal care needs (washing, feeding, dressing etc.) and with other activities such as physiotherapy, horse-riding, swimming, and on trips and events.

This placement provides a great introduction for anyone interested in care work with children, nursing or physical and mental disabilities. All volunteers will receive full training and induction for their roles. Volunteers should enjoy life in the countryside, and will need a valid drivers license to make use of the school car for accessing amenities in the nearby town of Sevenoaks.
